

Working Safely

Duration: 1 Days

Accreditation: IOSH

Accreditation

This 1 day workshop is accredited by IOSH the Chartered Body for Health and Safety Professionals.

Introduction/Summary

Working safely is for people at any level, in any sector, needing a grounding in the essentials of health and safety.

Designed to assist delegates to work more safely themselves and contribute to the safety of their organisation. 'Working Safely' trains workers to ensure that their individual and collective actions contribute to health and safety in the workplace and that responsibilities are clearly understood.

This programme is primarily designed to make employees whose work exposes them to risk, at all levels, aware of their responsibility for safety towards themselves, colleagues and others affected by work activities.

Working safely meets the government's guidelines for introductory health and safety training.

Qualification

To achieve the qualification learners will be required to pass a written assessment.

Content

The qualification covers the following content:
