Accreditation

This workshop is not currently accredited, however a certificate of attendance can be provided for C.P.D purposes.

Introduction/Summary

Minute taking is an integral factor in the success of a meeting. When the discussions are underway and decisions are being verbally made, accurate meeting minutes will record what has taken place and what actions are required.

This course provides participants with a good understanding of the purpose of meetings and teaches delegates how to take concise minutes that are easy to read and form an accurate account of a meeting. Effective listening, note taking and summarising are covered.

This workshop is useful for anyone who needs to produce factual records of meetings and this workshop can be tailored to meet your needs and delivered at your own premises.
